SEASONAL CAMPING GENERAL INFORMATION, CONDITIONS AND REGULATIONS

1. SEASON

Seasonal campsites are available from May 15, 2020 to September 15, 2020 or later depending upon season operations.

2. GENERAL CONDITIONS

Due to the nature of seasonal camping and the pressure continual use places on our natural features and park infrastructure, conditions for seasonal campers are more stringent than conditions that apply to short-term campers within the Etters Beach Recreation Site. The following conditions have been separated into two categories, those that apply to ALL campers (including seasonal) and those that apply to SEASONAL campers only.

Possible exceptions or considerations may be discussed with the Recreation Site Administration Office.

ALL CAMPERS

- a) Campers shall maintain the camping site and camping unit in an acceptable condition.
- b) Only **one** camping unit (tent, tent-trailer, camper, camper-truck/van, camping trailer, or motorhome) is allowed **per campsite**. Mobile homes and bunkhouse type trailers are not allowed. All units/sites must be maintained so as not to detract from the park setting. Due to campsite size, length restrictions may apply. All units/equipment must be contained within the sites.
- c) One small tent per single site for accommodating dependent children and one screened tent for meal purposes is allowed depending on the size of the campsite. No other structures or site alterations are permitted.
- d) Grey water/sewage must be contained and disposed of at disposal sites. Disposal of grey water/sewage on the ground is prohibited.
- e) Fires are allowed in provided fireplace/barbeques. Propane or other non-wood burning portable barbeques are acceptable for cooking purposes. During extreme conditions, bans on fireplace fires may apply.
- f) Removable ground level landings to a maximum of 80 sq. ft. (7.43 m. sq.) will be allowed.
- g) The Recreation Site determines the use of power plants/generators in campgrounds. The Recreation Site may restrict hours of use as required.

- i) All camping units and vehicles, other than tents and truck campers, must be legally registered and display a current, valid license plate at all times when on recreation site lands.

- j) All vehicles must be licensed and kept on roadways and parking lots. Only two vehicles are allowed at each campsite at any time. One (1) watercraft per site is allowed. Visitors are to park their vehicles in designated visitor parking areas where available.
- k) The camper, their family and guests shall comply at all times with all camping conditions and regulations. The camper is responsible for the conduct and behaviour of their family and guests. Everyone must observe all campground regulations and conditions. Rowdiness or excessive noise is not permitted at any time.
- l) Pets must be kept leashed and attended at all times. Pet owners must ensure that pet litter is cleaned up. Please be considerate of your neighbours.
- m) Alcoholic beverages may be consumed in the camper's camping unit, and on their assigned site, in accordance with *The Alcohol and Gaming Regulations Act*, as per section 108 (1). **The annual alcohol ban legislated by the Province of Saskatchewan for the May long weekend is in effect and enforced at the Etters Beach Recreation Site.**
